CHICAGO, Sept. S.—Easier cables and much larger local receipts than had been expected caused a rather tame opening in wheat the December option being unchanged to 1/2 lower, at \$1.00%,01.00%, Several prominent commission houses were active bidders at the decline, and with only light offerings the market quickly developed a strong undertone. As the session advanced the buying became general, resulting in additional strongth. The main factors in the situation were the extremely buillish news from the Northwest.

Northwest.

A report from Minneapolis stated that threshing returns showed an exceedingly light yield of wheat and that the moveinght yield of wheat and that the move-ment of new spring wheat will be neces-sarily light as urgent farm work will pre-vent free deliveries before the cold weath-er. A good milling demand was reported from the Northwest and this fact had a stimulating effect on the speculative trad-ing here. Heavy setting of May by hig operators was readily taken. # Solid Carload of Fresh Fish

Unusual Shipment Yesterday to Salt Lake, Which Is Market Distributing Point.

An evidence of the growing importance of Sait Lake as a distributing point for produce was shown yesterday when the A. Booth company received from Puget ound a solid carload of fresh salmon and halibut. By today this whole con-signment will be scattered all over the signment will be scattered all over the country, as it was immediately repacked and sent out to smaller markets of the intermountain region. It was all reshipped before a pound could get stale.

The same is true of other commodities and Sait Lake is becoming the distributing point for all kinds of food products, which is having a good effect on the local market.

The usual heavy receipts of farm proof the usual heavy receipts of farm pro-duce were reported yesterday, the whole of First South between West Temple and Main being crowded with wagons from all parts of the valley.
